# Michigan Cross Country Cycle Trail (CCC Trail)

*It is the policy of the Huron-Manistee National Forests that all Forest lands are **closed unless posted open** to all riders on all trails.*

*Motorized vehicles that are licensed as ORVs can operate on trails, roads, and areas which are designated and signed for their use. All National Forest roads are open to "street legal" vehicles, unless posted closed.*

*Motorized trails are only for use by vehicles*

*less than 50" wide.*

The Michigan Cross Country Cycle Trail (MCCCT) is over 1200 miles long and located on roads and trails throughout Michigan's lower peninsula. Parts of the trail are found on National Forest, State, County and other public and private lands. This brochure deals with a portion of the trail found on the White Cloud Ranger District. Maps of other segments can be obtained by writing the Michigan Cycle Conservation Club, 2537 Shirley Dr., Jackson, MI 49202 or by calling 517-782-4567.

Approximately 15 miles of this portion of the CCC Trail have been widened to accommodate unlicensed ATVs. The CCC Trail south of M-20 has been closed.

This segment of the MCCCT provides 26 miles for licensed motorcycles. The trail is comprised of both single and two-track sections. At several locations, the trail crosses and, in a few cases, utilizes short

segments of Forest, County, and State Highways, so attention to safety signing is important. It connects with the segment on the Baldwin Ranger District. There is also a 20-mile loop for unlicensed motorcycles and ATVs (trail is a 50 inch single-track trail.)

## Considerations

- The trail crosses and utilizes numerous County, State, and Forest Roads, so attention to **STOP, STOP AHEAD**, and **INTERSECTION** signs is important.
- Gas and public phones are located in White Cloud and Brohman.
- Please pay attention to signs designating licensed and unlicensed motorcycle and ATV segments. **ONLY the segment from Hwy M-20 to 7-Mile Road (including the loop) is open to unlicensed ATVs and motorcycles.** You must have a street legal motorcycle to ride all other parts of the trail.
- The trail is posted with bright orange **TRIANGLE** confidence markers with symbols designating use.

*Orange diamonds designate snowmobile only trails.*

• You can help improve our ORV trail system by becoming a partner with the U.S. Forest Service to do trail maintenance or by membership in one of our partner organizations. To find out what you can do, contact any one of the Huron-Manistee National Forest offices. **Get involved ... become a partner.**

• Travel *only* trails designated open for the type of ORV you have.

• All ORVs must have, in good working condition and in constant use, a muffler which will meet or exceed all sound emission standards set by state law. Exhaust noise shall not exceed 99Db(A) or 94Db(A) on vehicles manufactured after Jan 1, 1982 when tested according to the provisions of the SAE J1287, June 86 test. All ORVs must be equipped with an appropriate manufacturer's muffler and U.S. Forest Service approved spark arrester.

• It is prohibited to operate any vehicle in a manner which damages or unreasonably disturbs the land, wildlife, or vegetative resources.

## Trailhead:

**From White Cloud** — take Hwy M-37 north 1¼ miles to Hwy M-20. Take M-20 west 4 miles to trailhead. The

White Cloud  
Segment

*The policy of the United States Department of Agriculture Forest Service prohibits discrimination on the basis of race, color, national origin, age, religion, sex, or disability, familial status, or political affiliation. Persons believing they have been discriminated against in any Forest Service related activity should write to: Chief, Forest Service, USDA, P.O.Box 96090, Washington D.C. 20090-6090.*
